Supplemental Disclosure Document	Means the supplemental disclosure document to be issued by the Company Document(s) / broadly in the format provided in Annexure I hereof containing inter alia the issue price, Interest Rate (if any), redemption premium (if any) and other terms and conditions regarding each Tranche/Series of the NCDs issued under the Issue. The Company shall be free to amend the format of Supplemental Disclosure Document depending upon the terms and conditions of the NCDs being issued in each Tranche/Series.
TDS	Tax Deducted at Source
Tranche	Any tranche of Debentures issued under the Issue pursuant to the issue of a Supplemental Disclosure Document and Private Placement Offer Letter.
Transaction Documents	The documents executed or to be executed in relation to the issuance of the Debentures as more particularly set out hereinafter.
Stock Exchange	BSE
WDM	Wholesale Debt Market Segment of the BSE
Wilful Defaulter	Shall mean an Issuer who is categorized as a wilful defaulter by any Bank or financial institution or consortium thereof, in accordance with the guidelines on wilful defaulters issued by the Reserve Bank of India and includes an issuer whose director or promoter is categorized as such in accordance with Regulation 2(n) of SEBI (Issue and Listing of Debt Securities) Regulations, 2008.

## TERMS AND CONDITIONS RELATING TO THE REFERENCE INDEX

**“Disruption Event”** means any Change in Law, Market Disruption Event or Trading Disruption or Reference Index Disruption;

**“Change in Law”** means that, on or after the Issue Date (a) due to the adoption of or any change in any applicable law or regulation (including, without limitation, any tax law), or (b) due to the promulgation of or any change in

the interpretation by any court, tribunal or regulatory authority with competent jurisdiction of any applicable law or regulation (including any action taken by a taxing authority), the Company determines in its sole and absolute discretion that (i) it has become illegal for it or any of its affiliates or agents acting on its behalf to hold, acquire or dispose of any Component Asset, or (ii) the Company will incur a materially increased cost in performing its obligations in relation to the Debentures (including, without limitation, due to any increase in tax liability, decrease in tax benefit or other adverse effect on the tax position of the Company and/or any of its affiliates or agents acting on its behalf);

**“Component Asset”** means any security comprised within the Reference Index from time to time;

**“Disrupted Day”** means, any Scheduled Trading Day on which a relevant Exchange fails to open for trading during its regular trading session or on which a Market Disruption Event has occurred;

**“Early Closure”** means, the closure on an Exchange Business Day of the Exchange prior to its Scheduled Closing Time unless such earlier closing time is announced by such Exchange at least one hour prior to the earlier of (i) the actual closing time for the regular trading session on such Exchange on such Exchange Business Day and (ii) the submission deadline for orders to be entered into the Exchange system for execution at the Valuation Time on such Exchange Business Day;

**“Exchange”** means the BSE, any successor to such exchange or any substitute exchange or quotation system to which trading in such shares underlying such Reference Index has temporarily relocated (provided that the Valuation Agent has determined that there is comparable liquidity relative to such shares underlying such Reference Index on such temporary substitute exchange or quotation system as on the original Exchange);

**“Exchange Business Day”** means, any Scheduled Trading Day on which the Exchange is open for trading during its regular trading sessions, notwithstanding such Exchange closing prior to its Scheduled Closing Time;

**“Exchange Disruption”** means, any event (other than an Early Closure) that (i) disrupts or impairs the ability of market participants in general to obtain market values for, the Reference Index on the Exchange, or (ii) to effect transactions in, or obtain market values for, futures or options contracts relating to such Reference Index on any relevant Exchange;

**“Market Disruption Event”** means, the occurrence or existence of (i) a Trading Disruption, (ii) an Exchange Disruption, which in either case the Valuation Agent determines is material, at any time during the one hour period that ends at the relevant Valuation Time, or (iii) an Early Closure. For the purpose of determining whether a Market Disruption Event exists in relation to the Reference Index at any time, if a Market Disruption Event occurs in respect of a security included in the Reference Index at any time, then the relevant percentage contribution of that security to the level of the Reference Index shall be based on a comparison of (a) the portion of the level of the Reference Index attributable to that security and (b) the overall level of the Reference Index, in each case immediately before the occurrence of such Market Disruption Event. The Valuation Agent shall, as soon as reasonably practicable, notify the Registered Debenture Holder of the existence or occurrence of a Disrupted Day on any day that but for the occurrence or existence of a Disrupted Day would have been an Observation Date;

**“Observation Date”** shall mean each Date as specified in Annexure A below, provided that, if any such date is not a scheduled Reference Index futures expiry date, then the Reference Index futures expiry date as notified by the Exchange for that month will be considered as the Observation Date;

**“Observation Time”** means any time within normal business hours as may be determined by the Valuation Agent;

**“Official Closing Level”** means (subject to what is provided below in reference to Adjustments to the Reference Index), the official closing level of the Reference Index of a given day as determined by the Valuation Agent;

**“Scheduled Closing Time”** means, in respect of the Exchange and a Scheduled Trading Day, the scheduled weekday closing time of such Exchange on such Scheduled Trading Day, without regard to after hours or any other trading outside of the regular trading session hours;

**“Scheduled Trading Day”** means any weekday on which the Exchange is scheduled to be open for trading for their respective regular trading sessions (other than special trading sessions);

**“Trading Disruption”** means any suspension of or limitation imposed on trading by the relevant Exchange or otherwise and whether by reason of movements in price exceeding limits permitted by the Exchange or otherwise (i) on the Exchange relating to the relevant share that comprise 20.00% or more level of the Reference Index or (ii) in futures or options contracts relating to the Reference Index on any relevant Exchange;

**“Valuation Time”** means the Scheduled Closing Time on the Exchange. If the Exchange closes prior to its Scheduled Closing Time and the specified Valuation Time is after the actual closing time for its regular trading session, then the Valuation Time shall be such actual closing time.

#### **Adjustments to the Reference Index**

If the Reference Index:

- i. is not calculated and published by the Sponsor of the Reference Index but is calculated and published by a successor to the Sponsor acceptable to the Valuation Agent; or is replaced by a successor index using, in the determination of the Sponsor, the same or a substantially similar formula for and method of calculating the Reference Index, then in each case that index (the **“Successor Reference Index”**) will be deemed to be the Reference Index.

If:

- (a) on or prior to any Observation Date or any other relevant date, the Sponsor announces that it will make a material change in the formula for or the method of calculating the Reference Index or in any other way materially modifies the Reference Index (other than a modification prescribed in that formula or method to maintain the Reference Index in the event of changes in constituent stock and capitalisation and other routine events) (a **“Reference Index Modification”**); or
- (b) on an Observation Date, the Sponsor fails to calculate and announce the Reference Index (a **“Reference Index Disruption”**) and, together with a Reference Index Modification and a Reference Index Cancellation each a **“Reference Index Adjustment Event”**),

then the Valuation Agent shall, in its sole and absolute discretion, determine if such Reference Index Adjustment Event has a material effect on the Debentures and, if so, the Valuation Agent will calculate the Official Closing Level using, in lieu of a published level for the Reference Index, the level for the Reference Index as at the Valuation Time on the relevant Observation Date as determined by the Valuation Agent in accordance with the formula for and method of calculating the Reference Index last in effect prior to that change, failure or cancellation but using only those securities that comprised the Reference Index immediately prior to that Reference Index

Adjustment Event.

If the level of the Reference Index in relation to an Observation Date used or to be used by the Valuation Agent to determine the Final Redemption Amount is subsequently corrected and such correction is published by the Sponsor no later than the second Business Day prior to the Final Maturity Date, then the level of the Reference Index for that Observation Date shall be the level of the Reference Index as so corrected.

If, on or prior to any Observation Date, the Sponsor permanently cancels the Reference Index and no Successor Reference Index exists (a **“Reference Index Cancellation”**), this shall constitute an Early Redemption Event for Extraordinary Reason as referred to in the Terms and Conditions above and accordingly consequent early redemption of the Debentures by the Company if so elected for by the Company.

- (a) If a Disruption Event occurs, the Company in its sole and absolute discretion may require the Valuation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any terms of the Debentures to account for the Disruption Event and determine the effective date of that adjustment;
- (b) Upon the occurrence of a Disruption Event, the Company shall give notice as soon as practicable to the Registered Debenture Holders stating the occurrence of the Disruption Event, giving details thereof and the action proposed to be taken in relation thereto, provided that any failure to give, or non-receipt of, such notice will not affect the validity of the Disruption Event.

**SECTION III - RISK FACTORS*****General Risk factors related to the Reference Index of NIFTY 50:***

1. *Although the principal value on the NCDs is protected on maturity, the investment return on the NCDs is linked to the performance of the underlying Nifty 50 Index.*
2. *An investor in the NCD will not be entitled to receiving any interest payments and/or dividends and/or other distributions in the constituent stocks of the Nifty 50 index during the term of the NCD.*
3. *Even though the investment return on the NCDs is linked to the Nifty 50 index the return on the NCDs may not reflect the return an investor may realize if the investor was to actually own each of the constituent stocks comprising the Nifty 50 index. Further, the debenture holders will have no ownership rights on the constituent stocks of the Nifty 50 index.*

***Internal Risk Factors***

1. ***Any increase in the levels of non-performing assets ("NPA") on our loan portfolio, for any reason whatsoever, would adversely affect our business and results of operations.***

*Consistent with the growth of our branch network and our product portfolio, we expect an increase in our loan assets. Should the overall credit quality of our loan portfolio deteriorate, the current level of our provisions may not be adequate to cover further increases in the amount of our NPAs. Moreover, there also can be no assurance that there will be no further deterioration in our provisioning coverage as a percentage of Gross NPAs or otherwise, or that the percentage of NPAs that we will be able to recover will be similar to our past experience of recoveries of NPAs. As of September 30, 2018, the gross value of NPAs on our books of accounts was 6.77% of our total loan book. While we believe that we have adequately provided for NPAs to cover known or expected losses which may arise in our asset portfolio, any increase in the level of final credit losses shall adversely affect our business and future financial performance.*

2. ***We may be impacted by volatility in interest rates or adverse market scenario which could cause our Gross Spreads to decline and consequently affect our profitability.***

*We are exposed to interest rate risks as a result of lending to customers at fixed/ floating interest rates and in amounts and for periods which may differ from our funding sources. While we seek to match our interest rate positions to minimise interest rate risk, we are unable to assure you that significant variation in interest rates or adverse market scenario will not have an effect on our results of operations. Moreover, volatility in interest rates is sensitive to factors which are beyond our control, including the monetary policies of the RBI, deregulation of the financial sector in India, domestic and international economic and political conditions, inflation and other such considerations. In a rising interest rate environment, if the yield on our interest-earning assets does not increase simultaneously with or to the same extent as our cost of funds, or, in a declining interest rate environment, if our cost of funds does not decline simultaneously or to the same extent as the yield on our interest -earning assets, our net interest income and net interest margin would be adversely impacted.*

*There can be no assurance that we will be able to adequately manage our interest rate risk in the future and any significant increase in interest rates would adversely affect our business and results of operations.*

**3. We are subjected to supervision and regulation by the RBI as a systemically important NBFC, and changes in RBI's regulations governing us could adversely affect our business.**

Being an NBFC, the operations of the Company are subject to various regulations prescribed the RBI and other statutory authorities including regulations relating to foreign investment in India. Pursuant to the revised regulatory framework for NBFCs issued by RBI Master Direction NBFC-SI-ND Directions, 2016-RBI/DNBR/2016-17/45 Master Direction DNBR.PD.CC.No.086/03.10.001 dated September 01, 2016 (Updated as on May 31, 2018), the Company has been classified as a Systemically Important Non Deposit Accepting NBFC. Pursuant to the aforesaid circular, among other things, NBFCs will be required to consider a term loan inclusive of unpaid interest as non-performing asset if it is overdue for period of 3 months or more or on which interest amount remained overdue for period of 3 months or more and in respect of demand or call loan which remained overdue for period of 3 months or more from the date of demand or call or on which interest amount remained overdue for period of 3 months or more. Provisions for standard assets has 0.40 per cent by end of March 2018. The Company is required to maintain a CAR of 15% besides complying with other Prudential Norms, directions and the requirements under the revised regulatory framework. Compliance with many of the regulations applicable to the Company across jurisdictions including any restrictions on investments and other activities currently being carried out by the Company involve a number of risks, particularly in areas where applicable regulations may be subject to varying interpretations. If the interpretation of the regulators and authorities varies from our interpretation, we may be subject to penalties and the business of the Company could be adversely affected. Further, the RBI's may amend regulations/guidelines applicable to NBFCs in future which may require us to restructure our activities, incur additional cost or could otherwise adversely affect our business and our financial performance.

While the RBI has not provided for any restriction on interest rates that can be charged by non -deposit taking NBFCs but there can be no assurance that the RBI and/or the Government will not implement regulations or policies, including policies or regulations or legal interpretations of existing regulations, relating to or affecting interest rates, taxation, inflation or exchange controls, or otherwise take action, that could have an adverse effect on non-deposit taking NBFCs. In addition, there can be no assurance that any changes in the laws and regulations relative to the Indian financial services industry will not adversely impact our business.

**4. Our ability to borrow from various banks may be restricted on account of guidelines issued by the RBI imposing restrictions on banks in relation to their exposure to NBFCs.**

The RBI in its notification (No. RBI/2006-07/205/DBOD.No. FSD.BC.46 / 24.01.028 /2006-07) dated December 12, 2006 has amended the regulatory framework governing banks to address concerns arising from divergent regulatory requirements for banks and NBFCs. This notification reduces the exposure (both lending and investment, including off balance sheet exposures) of a bank to NBFCs like us. Accordingly, banks' exposure limits on any NBFC are reduced from the 25% of the banks' capital funds to 10% of its capital funds. Furthermore, RBI has suggested that banks may consider fixing internal limits for their aggregate exposure to all NBFCs combined. This notification limits a bank's exposure to NBFCs which consequently restricts our ability to borrow from banks and thereby increasing the cost of our borrowing.

This notification has adversely affected our business and any similar notifications released by the RBI in the future, which has a similar impact on our business could affect our growth, margins and business operations.

**5. Our ability to lend against security of shares may be restricted on account of recent guidelines issued by RBI, which may have a negative impact on our business and results of operation.**

As per RBI Master Direction NBFC-SI-ND Directions, 2016- RBI/DNBR/2016-17/45 Master Direction DNBR.PD.CC.No.086/03.10.001 dated September 01, 2016 (Updated as on May 31, 2018) has restricted 'Loan against Shares' business undertaken by NBFCs. Some of the requirements of such circular are: a. LTV ratio should not exceed 50%, and shall be maintained at all times. Any shortfall in the maintenance of the 50% LTV occurring on account of movement in the share price shall be made within 7 working days, b. In case where lending is done for investment in capital market, only Group 1 securities can be accepted as collateral for loans of value more than Rs.5 lakh subject to review by RBI, and c. to report on-line to stock exchanges, information on the shares pledged in favor of NBFC, by borrowers for availing loans. At this point, we cannot assure you that this notification and its applicability to us will not have a material and adverse effect on our future financial conditions and results of operations.

**6. Our business requires substantial capital, and any disruption in funding sources would have a material adverse effect on our liquidity and financial condition.**

Our liquidity and ongoing profitability are, in large part, dependent upon our timely access to, and the costs associated with, raising capital. Our funding requirements historically have been met from a combination of borrowings such as term loans and working capital limits from banks and issuance of commercial paper, non-convertible debentures on private placement basis and equity on right issue basis. Thus, our business depends and will continue to depend on our ability to access diversified low-cost funding sources.

The RBI Master Direction NBFC-SI-ND Directions, 2016- RBI/DNBR/2016-17/45 Master Direction DNBR.PD.CC.No.086/03.10.001 dated September 01, 2016 (Updated as on May 31, 2018) issued certain guidelines to NBFCs with respect to raising of money through private placement by them in the form of non - convertible debentures. These guidelines include restrictions on the minimum subscription amount for a single investor of Rs. 20,000, prohibition on providing loan against the security of its own debentures, etc. This has resulted in limiting the Company's ability to raise fresh debentures on private placement basis. Such changes in laws of the country applicable to our company can disrupt funding sources which would have a material adverse effect on our liquidity and financial condition.

**7. The financing industry is becoming increasingly competitive and our growth will depend on our ability to compete effectively.**

The sector in which we operate is highly competitive and we face significant competition from banks and other NBFCs. Many of our competitors are larger institutions, which may have much larger customer and funding sources, larger branch networks and more capital than we do. Some of our competitors may be more flexible and better-positioned to take advantage of market opportunities. In particular, private banks in India and many of our competitors outside of India may have operational advantages in implementing new technologies and rationalizing branches. These competitive pressures affect the industry in which we operate as a whole, and our future success will depend in large part on our ability to respond in an effective and timely manner to these competitive pressures.

Unlike commercial banks, we do not have access to funding from savings and current deposits of customers. Instead, we are reliant on higher cost syndicated loans and debentures for our funding requirements, which may reduce our margins compared to competitors. Our ability to compete effectively with commercial banks will depend, to some extent, on our ability to raise low -cost sources of funding in the future. If we are unable

*to compete effectively with other participants in the loan against security/property industry, our business, future financial performance and the trading price of the NCDs may be adversely affected.*

**8. Contingent Liability**

*The Company's contingent liabilities could adversely affect its financial condition. As on September 30, 2018, the Company had contingent liabilities of Rs.5.18 crore on account of financial and other guarantees and other contingent liabilities.*

**9. We rely to some extent on Centrum Wealth Management Limited team and Centrum Broking Limited team, for our clientele, distribution network, connect and marketing to HNI and other investors connected to Centrum Wealth Management and Centrum Broking Limited that we enjoy in the industry and our brand name and any factor affecting the business and reputation, performance and strength of distribution capability of Centrum Wealth Management team or Centrum Broking team may have a concurrent adverse effect on our business and results of operations.**

*We source our clients inter alia from Centrum Wealth Management team and also significantly benefit from the goodwill that Centrum Wealth Management team enjoys in the market. We believe that this goodwill ensures a steady inflow of business. In the event Centrum Wealth Management team is unable to maintain the quality of its services or its goodwill deteriorates for any reason whatsoever, our business and results of operations may be adversely affected. We operate in a competitive environment, and we believe that our brand recognition is a significant competitive advantage to us. Any failure to retain our Company name may deprive us of the associated brand equity that we have developed which may have a material adverse effect on our business and operations.*

**10. If we are unable to manage our rapid growth effectively, our business and financial results could be adversely affected.**

*A principal component of our strategy is to continue to grow by expanding the size and geographical scope of our businesses. This growth strategy will place significant demands on our management, financial and other resources. It will require us to continuously develop and improve our operational, financial and internal controls. Continuous expansion increases the challenges involved in financial management, recruitment, training and retaining high quality human resources, preserving our culture, values and entrepreneurial environment, and developing and improving our internal administrative infrastructure. Failure to train our employees properly may result in an increase in employee attrition rates, require additional hiring, erode the quality of customer service, divert management resources, increase our exposure to high-risk credit and impose significant costs on us. If we grow our loan book too rapidly or fail to make proper assessments of credit risks associated with new borrowers, a higher percentage of our loans may become non-performing, which would have a negative impact on the quality of our assets and our financial condition. Any inability on our part to manage such growth could disrupt our business prospects, impact our financial condition and adversely affect our results of operations.*

**11. Our growth will depend on our continued ability to access funds at competitive rates which are dependent on a number of factors including our ability to maintain our credit ratings.**

*As we are a “systemically important non-deposit accepting” NBFC and do not have access to deposits, our liquidity and ongoing profitability are primarily dependent upon our timely access to, and the costs associated*

with raising capital. Our business is significantly dependent on funding from the debt capital markets and commercial borrowings. The demand for such funds is competitive and our ability to obtain funds at competitive rates will depend on various factors including our ability to maintain positive credit ratings. Ratings reflect a rating agency's opinion of our financial strength, operating performance, strategic position, and ability to meet our obligations. In relation to our long-term debt instruments, we currently have long term ratings of "CARE A- Stable" from Care Ratings Limited. Any downgrade of our credit ratings would increase borrowing costs and constrain our access to capital and debt markets and, as a result, would negatively affect our net interest margin and our business. In addition, downgrades of our credit ratings could increase the possibility of additional terms and conditions being added to any additional financing or refinancing arrangements in the future. Any such adverse development could adversely affect our business, financial condition and results of operations.

Our business depends and will continue to depend on our ability to access diversified funding sources. Changes in economic and financial conditions or continuing lack of liquidity in the market could make it difficult for us to access funds at competitive rates. As an NBFC, we also face certain restrictions on our ability to raise money from international markets which may further constrain our ability to raise funds at attractive rates. While our borrowing costs have been competitive in the past due to our ability to raise debt products, credit rating and our asset portfolio, in the event we are unable to access funds at an effective cost that is comparable to or lower than our competitors, we may not be able to offer competitive interest rates for our loans. This may adversely impact our business and results of operations.

**12. We face asset-liability mismatches which could affect our liquidity and consequently may adversely affect our operations and profitability.**

We may face potential liquidity risks due to varying periods over which our assets and liabilities mature. As is typical for NBFCs, a portion of our funding requirements is met through short-term funding sources such as bank loans, working capital demand loans, cash credit, short term loans and commercial papers. Our inability to obtain additional credit facilities or renew our existing credit facilities, in a timely and cost-effective manner or at all, may lead to mismatches between our assets and liabilities, which in turn may adversely affect our operations and financial performance.

**13. We extend loans against shares, and loan against properties or a combination of both to our clients, and any default by a client coupled with a downturn in the stock markets could result in substantial losses for us.**

We extend "loans against shares", or margin funding loans, which are secured by liquid, marketable securities at appropriate or pre-determined margin levels. Recently as per RBI Master Direction NBFC-SI-ND Directions, 2016- RBI/DNBR/2016-17/45 Master Direction DNBR.PD.CC.No.086/03.10.001 dated September 01, 2016 (Updated as on May 31, 2018) has restricted 'Loan against Shares' business undertaken by NBFCs. Some of the requirements of such circular are: (a) LTV ratio should not exceed 50%, and only Group 1 securities can be accepted as collateral for loans of value more than Rs.5 lakh subject to review by RBI. In the event of a volatile stock market or adverse movements in stock prices, the collateral securing the loans may decrease significantly in value, resulting in LTV to fall below the prescribed limit of 50% and consequential losses which we may not be able to support. Customers may default on their obligations to us as a result of various factors including bankruptcy, lack of liquidity, lack of business and operational failure. There is little financial information available about the creditworthiness of our customers. It is therefore difficult to carry out precise credit risk analysis on our clients. Although we use a technology-based risk

management system and follow strict internal risk management guidelines on portfolio monitoring, which include limits on the amount of margin, the quality of collateral provided by the client and pre-determined margin call thresholds, no assurance can be given that if the financial markets witnessed a significant single-day or general downturn, our financial condition and results of operations would not be adversely affected.

- 14. We do not own the premises where our branch office(s) is/are located and in the event our rights over the properties is not renewed or is revoked or is renewed on terms less favourable to us, our business activities may be disrupted.**

At present we do not own the premises for our branch office(s). In the event the owner of the premises revokes the consent granted to us or fails to renew the tenancy, we may suffer disruption in our operations for certain periods of time.

- 15. We require several licenses and approvals for our business and in the event we are unable to procure or renew them in time or at all, our business may be adversely affected.**

We require several licenses, approvals and registration in order to undertake our business activities. These registrations include registrations with the RBI as a systemically important non-deposit taking NBFC. We are also required to maintain licenses under various state Shops and Establishment Acts for some of our offices. Failure by us to comply with the terms and conditions to which such permits or approvals are subject, and/or to renew, maintain or obtain the required permits or approvals may result in the interruption of our operations and may have a material adverse effect on our business, financial condition and results of operations.

- 16. A decline in our capital adequacy ratio could restrict our future business growth**

Pursuant to the revised regulatory framework for NBFCs issued by RBI, vide its RBI Master Direction NBFC-SI-ND Directions, 2016- RBI/DNBR/2016-17/45 Master Direction DNBR.PD.CC.No.086/03.10.001 dated September 01, 2016 (Updated as on May 31, 2018), all systemically important non-deposit taking NBFCs have to maintain a minimum capital ratio, consisting of Tier I and Tier II capital, which shall not be less than 15% of its aggregate risk weighted assets on balance sheet and risk adjusted value of off-balance sheet items and Tier I capital of 10% by March, 2018. On an unaudited basis, our capital adequacy ratio computed on the basis of applicable RBI requirements was 30.25 % as of September 30, 2018, with Tier I capital being 27.68% and Tier II Capital being 2.56%. If we continue to grow our loan portfolio and asset base, we will be required to raise additional Tier I and Tier II capital in order to continue to meet applicable capital adequacy ratios with respect to our business. There can be no assurance that we will be able to raise adequate additional capital in the future on terms favourable to us or at all, and this may adversely affect the growth of our business.

- 17. We may have to comply with stricter regulations and guidelines issued by regulatory authorities in India.**

We are regulated principally by and have reporting obligations to the RBI. We are also subject to the corporate, taxation and other laws in effect in India. Moreover, new regulations may be passed that restrict our ability to do business. For example, regulatory restrictions on securitisation may be extended to bilateral assignment transactions, resulting in loss of arbitrage options.

*We cannot assure you that we will not be subject to any adverse regulatory action in the future. Further, these regulations are subject to frequent amendments and depend upon government policy. The costs of compliance may be high, which may affect our profitability. If we are unable to comply with any such regulatory requirements, our business and results of operations may be materially and adversely affected.*

**18. *We are subject to certain restrictive covenants in our loan/ funding documents, which may restrict our operations and ability to grow and may adversely affect our business.***

*There are restrictive covenants in the agreements we have entered into with our lenders. These restrictive covenants require us to maintain certain financial ratios and seek the prior permission of these banks/financial institutions for various activities, including, amongst others, selling, leasing, transferring or otherwise disposing of any part of our business or revenues, effecting any scheme of amalgamation or reconstitution, implementing a new scheme of expansion, taking up an allied line of business or making any amendments to Memorandum and Articles of Association etc. Such restrictive covenants in our loan documents may restrict our operations or ability to expand and may adversely affect our business.*

**19. *Our success depends in large part upon our management team and key personnel and our ability to attract, train and retain such persons. Our inability to attract and retain talented professionals, or the resignation or loss of key management personnel, may have an adverse impact on our business and future financial performance.***

*Our ability to sustain our rate of growth depends significantly upon our ability to manage key issues such as selecting and retaining key managerial personnel, developing managerial experience to address emerging challenges and ensuring a high standard of client service. In order to be successful, we must attract, train, motivate and retain highly skilled employees, especially branch managers and product executives. If we cannot hire additional qualified personnel or retain them, our ability to expand our business will be impaired and our revenue could decline. We will need to recruit new employees, who will have to be trained and integrated into our operations. We will also have to train existing employees to adhere properly to internal controls and risk management procedures. Failure to train and motivate our employees properly may result in an increase in employee attrition rates, require additional hiring, erode the quality of customer service, divert management resources, increase our exposure to high-risk credit and impose significant costs on us. Hiring and retaining qualified and skilled managers are critical to our future, as our business model depends on our credit-appraisal and asset valuation mechanism, which are personnel-driven operations. Moreover, competition for experienced employees can be intense. While we have an incentive structure and an Employee Incentive Plan/ ESOP designed to encourage employee retention, our inability to attract and retain talented professionals, or the resignation or loss of key management personnel, may have an adverse impact on our business and future financial performance.*

**20. *We may not be able to successfully sustain our growth plans.***

*In recent years, our growth has been fairly substantial. Our growth plan includes growing our secured lending, expanding our customer base and presence. There can be no assurance that we will be able to sustain our growth plan successfully or that we will be able to expand further or diversify our product portfolio. If we grow our loan book too rapidly or fail to make proper assessments of credit risks associated with new borrowers, a higher percentage of our loans may become non-performing, which would have a negative impact on the quality of our assets and our financial condition.*

*We also face a number of operational risks in executing our growth strategy. Our branch network has expanded as part of our growth strategy. Our rapid growth exposes us to a wide range of increased risks, including business and operational risks, such as the possibility of growth of NPAs, fraud risks and regulatory and legal risks.*

*Our ability to sustain our rate of growth also significantly depends upon our ability to recruit trained and efficient personnel and retain key managerial personnel, maintain effective risk management policies, continuing to offer products which are relevant to our target base of clients, developing managerial experience to address emerging challenges and ensuring a high standard of client service. As we grow we will need to recruit new employees, who will have to be trained and integrated into our operations. We will also have to train existing employees to adhere properly to internal controls and risk management procedures. Failure to integrate our employees properly may result in an increase in employee attrition rates, erode the quality of customer service, divert management resources, increase our exposure to high-risk credit and impose significant costs on us.*

**21. Our insurance coverage may not adequately protect us against losses.**

*We maintain certain insurance coverage that we believe is adequate for our operations/ purposes. Our insurance policies, however, may not provide adequate coverage in certain circumstances and are subject to certain deductible s, exclusions and limits on coverage. We cannot, however, assure you that the terms of our insurance policies will be adequate to cover any damage or loss suffered by us or that such coverage will continue to be available on reasonable terms or will be available in sufficient amounts to cover one or more large claims, or that the insurer will not disclaim coverage as to any future claim.*

*A successful assertion of one or more large claims against us that exceeds our available insurance coverage or changes in our insurance policies, including premium increases or the imposition of a larger deductible or co - insurance requirement, could adversely affect our business, financial condition and results of operations.*

**22. Any change in control of our Promoter or our Company may correspondingly adversely affect our operations and profitability.**

*As on September 30, 2018, the Promoter holds 100% equity capital of the Company. Any change in control of the Promoter / Promoter Group may have an adverse effect on the operations of the Company including influencing the policies of the Company.*

**23. Our ability to assess, monitor and manage risks inherent in our business differs from the standards of some of our counterparts.**

*We are exposed to a variety of risks, including liquidity risk, interest rate risk, credit risk, operational risk and legal risk. The effectiveness of our risk management is limited by the quality and timeliness of available data. Our hedging strategies and other risk management techniques may not be fully effective in mitigating our risks in all market environments or against all types of risk, including risks that are unidentified or unanticipated. Some methods of managing risks are based upon observed historical market behaviour. As a result, these methods may not predict future risk exposures, which could be greater than the historical measures indicated. Other risk management methods depend upon an evaluation of information regarding markets, customers or other matters. This information may not in all cases be accurate, complete, up-to-date or properly evaluated. Management of operational, legal or regulatory risk requires among other things, policies and procedures*

*properly to record and verify a number of transactions and events. Although we have established these policies and procedures, they may not be fully effective.*

*Our future success will depend, in part, on our ability to respond to new technological advances and emerging banking and housing finance industry standards and practices on a cost-effective and timely manner. The development and implementation of such technology entails significant technical and business risks. There can be no assurance that we will be able to successfully implement new technologies or adapt its transaction processing systems to customer requirements or emerging market standards.*

**24. Our Company is exposed to many operational risks which could materially impact our business and results of operations.**

*Our Company is exposed to many types of operational risks. Operational risk can result from a variety of factors, including failure to obtain proper internal authorizations, improperly documented transactions, failure of operational and information security procedures, computer systems, software or equipment, fraud, inadequate training and employee errors. We attempt to mitigate operational risk by maintaining a comprehensive system of internal controls, establishing systems and procedures to monitor transactions, maintaining key back-up procedures, undertaking regular contingency planning and providing employees with continuous training. Any failure to mitigate such risks could adversely affect our business and results of operations.*

**25. High levels of customer defaults could adversely affect our business, financial condition and results of operations.**

*We are subject to customer default risks including default or delay in repayment of principal or interest on our loans. Customers may default on their obligations to us as a result of various factors including bankruptcy, lack of liquidity, lack of business and operational failure. If borrowers fail to repay loans in a timely manner or at all, our financial condition and results of operations will be adversely impacted.*

**26. Significant fraud, system failure or calamities could adversely impact our business.**

*We seek to protect our computer systems and network infrastructure from physical break-ins as well as fraud and system failures. Computer break-ins and power and communication disruptions could affect the security of information stored in and transmitted through our computer systems and network infrastructure. We employ security systems, including firewalls and password encryption, designed to minimize the risk of security breaches. Although we intend to continue to implement security technology and establish operational procedures to prevent fraud, break-ins, damage and failures, there can be no assurance that these security measures will be adequate. A significant failure of security measures or operational procedures could have a material adverse effect on our business and our future financial performance. Although we take adequate measures to safeguard against system-related and other frauds, there can be no assurance that it would be able to prevent frauds.*

*We are exposed to many types of operational risks, including the risk of fraud or other misconduct by employees and unauthorized transactions by employees. Although we have been careful in recruiting all our employees, we have in the past been held liable for the fraudulent acts committed by our employees adversely impacting our business. Our reputation could be adversely affected by significant frauds committed by employees, customers or outsiders.*

**27. We depend on the accuracy and completeness of information about customers and counterparties which may adversely affect our reputation and business.**

*In deciding whether to extend credit or enter into other transactions with customers and counterparties, we may rely on information furnished to us by or on behalf of customers and counterparties, including financial statements and other financial information. We may also rely on certain representations as to the accuracy and completeness of that information and, with respect to financial statements, on reports of independent auditors. For example, in deciding whether to extend credit, we may assume that a customer's audited financial statements conform to generally accepted accounting principles and present fairly, in all material respects, the financial condition, results of operations and cash flows of the customer. Our financial condition and results of operations could be negatively affected by relying on financial statements that do not comply with generally accepted accounting principles or other information that is materially misleading.*

*Moreover, we have implemented KYC norms and other measures, to prevent money laundering. In the event of ineffectiveness of these norms and systems, our reputation, business and results of operations may be adversely affected.*

**28. Inaccurate appraisal of credit may adversely impact our business.**

*We may be affected by failure of employees to comply with internal procedures and inaccurate appraisal of credit or financial worth of our clients. Inaccurate appraisal of credit may allow a loan sanction which may eventually result in a bad debt on our books of accounts. In the event we are unable to check the risks arising out of such lapses, our business and results of operations may be adversely affected.*

**29. We have entered into some related party transactions and may continue to enter into related party transactions, which may involve conflict of interest.**

*Our Company enters into transactions with the related parties in the ordinary course of business pursuant to the applicable provisions of the Companies Act, 2013. Such transactions may give rise to current or potential conflicts of interest with respect to dealings between us and such related parties.*

**30. Our Group Companies may be subject to certain legal proceedings and we cannot assure you that we will be successful in all of these actions. In the event we are unsuccessful in litigating any or all of the disputes, our business and results of operations may be adversely affected.**

*Our group companies may be subject to a number of legal proceedings. We may incur a substantial cost in defending these proceedings before a court of law. Moreover, we are unable to assure you that we shall be successful in any or all of these actions. In the event we suffer any adverse order, our reputation may suffer and may have an adverse impact on our business and results of operations.*

**External Risk Factors:**

**31. Our results of operations have been, and may continue to be, adversely affected by Indian and international financial market and economic conditions.**

*Our business is highly dependent on Indian and international markets and economic conditions. Such conditions in India include fluctuations in interest rates; changes in consumer spending; the level of consumer confidence; housing prices; corporate or other scandals that reduce confidence in the financial markets, among others. International markets and economic conditions include the liquidity of global financial markets, the level and volatility of debt and equity prices and interest rates, investor sentiment, inflation, the availability and cost of capital and credit, and the degree to which international economies are expanding or experiencing recessionary pressures. The independent and/or collective fluctuation of these conditions can directly and indirectly affect demand for our lending finance and other financial products, or increase the cost to provide such products.*

*Global financial markets were and continue to be extremely volatile and were materially and adversely affected by a significant lack of liquidity, decreased confidence in the financial sector, disruptions in the credit markets, reduced business activity, rising unemployment, declining home prices and erosion of consumer confidence.*

*These factors have contributed to and may continue to adversely affect our business, financial condition and results of operations.*

**32. *Financial difficulties and other problems in certain financial institutions in India could cause our business to suffer and adversely affect our results of operations.***

*We are exposed to the risks of the Indian financial system, which in turn may be affected by financial difficulties and other problems faced by certain Indian financial institutions. Certain Indian financial institutions have experienced difficulties during recent years. There has been a trend towards consolidation with weaker banks and NBFCs being merged with stronger entities. The problems faced by individual Indian financial institutions and any instability in or difficulties faced by the Indian financial system generally could create adverse market perception about Indian financial institutions, banks and NBFCs. This in turn could adversely affect our business, our future financial performance, our shareholders' funds and the market price of our NCDs.*

**33. *Terrorist attacks, civil unrest and other acts of violence or war involving India and other countries could adversely affect the financial markets and our business.***

*Terrorist attacks and other acts of violence or war may negatively affect our business and may also adversely affect the worldwide financial markets. These acts may also result in a loss of business confidence. In addition, any deterioration in relations between India and its neighboring countries might result in investor concern about stability in the region, which could adversely affect our business.*

*India has also witnessed civil disturbances in recent years and it is possible that future civil unrest as well as other adverse social, economic and political events in India could have a negative impact on us. Such incidents could also create a greater perception that investment in Indian companies involves a higher degree of risk and could have an adverse impact on our business and the market price of our NCDs.*

**34. *Natural calamities could have a negative impact on the Indian economy, particularly the agriculture sector, and cause our business to suffer.***

*India has experienced natural calamities such as earthquakes, a tsunami, floods and drought in the past few years. The extent and severity of these natural disasters determines their impact on the Indian economy. The erratic progress of the monsoon in 2012 affected sowing operations for certain crops. Further, prolonged spells of below normal rainfall or other natural calamities could have a negative impact on the Indian economy thereby, adversely affecting our business.*

**35. Any downgrading of India's debt rating by an international rating agency could have a negative impact on our business.**

*Any adverse revisions to India's credit ratings for domestic and international debt by international rating agencies may adversely impact our ability to raise additional financing, the interest rates and other commercial terms at which such additional financing is available. This could have a material adverse effect on our business and financial performance, our ability to raise financing for onward lending and the price of our NCDs.*

**36. Instability of economic policies and the political situation in India could adversely affect the fortunes of the industry.**

*There is no assurance that the liberalization policies of the government will continue in the future. Protests against privatization could slow down the pace of liberalization and deregulation. The Government of India plays an important role by regulating the policies and regulations that govern the private sector. The current economic policies of the government may change at a later date. The pace of economic liberalization could change and specific laws and policies affecting the industry and other policies affecting investments in our Company's business could change as well. A significant change in India's economic liberalization and deregulation policies could disrupt business and economic conditions in India and thereby affect our Company's business.*

*Unstable domestic as well as international political environment could impact the economic performance in the short term as well as the long term. The Government of India has pursued the economic liberalization policies including relaxing restrictions on the private sector over the past several years. The present Government has also announced policies and taken initiatives that support continued economic liberalization.*

*The Government has traditionally exercised and continues to exercise a significant influence over many aspects of the Indian economy. Our Company's business may be affected not only by changes in interest rates, changes in Government policy, taxation, social and civil unrest but also by other political, economic or other developments in or affecting India.*

**37. Companies operating in India are subject to a variety of central and state government taxes and surcharges.**

*Tax and other levies imposed/to be imposed by the central and state governments in India that affect our tax liability include: (i) central and state taxes and other levies; (ii) income tax; (iii) value added tax; (iv) turnover tax; (v) service tax; (vi) stamp duty; (vii) GST and (viii) other special taxes and surcharges which are introduced on a temporary or permanent basis from time to time. Moreover, the central and state tax scheme in India is extensive and subject to change from time to time. For example, a Direct tax code is proposed to be introduced in the Indian Parliament.*

*The statutory corporate income tax in India, which includes a surcharge on the tax and an education cess on the tax and the surcharge could change. The central or state government may in the future increase the corporate income tax it imposes. Any such future increases or amendments may affect the overall tax efficiency of companies operating in India and may result in significant additional taxes becoming payable. Additional tax exposure could adversely affect our business and results of operations.*

**38. Financial instability in other countries could disrupt our business.**

*The Indian market and the Indian economy are influenced by economic and market conditions in other countries. Although economic conditions are different in each country, investors' reactions to developments in one country can have adverse effects on the economy as a whole, in other countries, including India. A loss of investor confidence in the financial systems of other emerging markets may cause volatility in Indian financial markets and indirectly, in the Indian economy in general. Any worldwide financial instability could also have a negative impact on the Indian economy, including the movement of exchange rates and interest rates in India.*

*In the event that the current difficult conditions in the global credit markets continue or if the recovery is slower than expected or if there any significant financial disruption, this could have an adverse effect on our cost of funding, loan portfolio, business, prospects, results of operations and financial condition.*

**39. There is no assurance that the NCDs issued pursuant to this Issue will be listed on Stock Exchanges in a timely manner, or at all.**

*In accordance with Indian law and practice, permissions for listing and trading of the NCDs issued pursuant to this Issue will not be granted until after the NCDs have been issued and allotted. Approval for listing and trading will require all relevant documents to be submitted and carrying out of necessary procedures with the Exchanges. There could be a failure or delay in listing the NCDs on the Stock Exchange for reasons unforeseen.*

*If permission to deal in and for an official quotation of the NCDs is not granted by the Stock Exchanges, our Company will forthwith repay, without interest, all monies received from the Applicants in accordance with prevailing law in this context, and pursuant to the Prospectus.*

**40. Foreign Investors, including FPIs subscribing to the NCDs are subject to risks in connection with (i) exchange control regulations, and, (ii) fluctuations in foreign exchange rates.**

*The NCDs will be denominated in Indian rupees and the payment of interest and Redemption Amount shall be made in Indian rupees. Various statutory and regulatory requirements and restrictions apply in connection with the NCDs held by FPIs (Exchange Control Regulations). The amounts payable to FPIs holding the NCDs, on redemption of the NCDs and/or the interest paid/payable in connection with such NCDs would accordingly be subject to prevailing Exchange Control Regulations. Any change in the Exchange Control Regulations may adversely affect the ability of such FPIs to convert such amounts into other currencies, in a timely manner or at all.*

*Further, fluctuations in the exchange rates between the Indian rupee and other currencies could adversely affect the amounts realized by FPIs on redemption or payment of interest on the NCDs by us.*

**41. The offering of NCDs to FPIs is subject to restrictions imposed by jurisdictions where such investors are resident in and of laws to which they are otherwise subject to.**

*FPIs who intend to participate in the Issue must comply with the laws, rules and regulations of the jurisdiction they are resident in and laws, rules and regulations to which they are otherwise subject to in connection with the purchase and sale of NCDs. No offer or sale of NCDs, pursuant to this Prospectus or otherwise, is being made in the United States or any other jurisdiction where it is unlawful to do so.*

*The NCDs have not been recommended by any U.S. federal or state securities commission or regulatory authority. Furthermore, the foregoing authorities have not confirmed the accuracy or determined the adequacy of this Prospectus. Any representation to the contrary is a criminal offence in the United States and may be a criminal offence in other jurisdictions. The NCDs have not been and will not be registered under the U.S. Securities Act of 1933, as amended (the "U.S. Securities Act") or any state securities laws in the United States and may not be offered or sold within the United States, or to, or for the account or benefit of, U.S. Persons (as defined in Regulation S of the U.S. Securities Act), except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the U.S. Securities Act and applicable state securities laws in the United States. No offers or sales of the NCDs are being made in the United States. Further, any person making or intending to make an offer of the NCDs within the European Economic Area ("EEA") should only do so in circumstances in which no obligation arises for the Issuer to produce a Prospectus in such jurisdiction for such offer. Such persons shall refer to the specific Disclaimer as displayed in Company's website in this regard.*

**Product related risk factors:**

**(a) The composition of the securities underlying the Reference Index to which a Debenture may be linked may change over time.**

*The composition of the constituents of the Reference Index to which the Debentures are linked may change over time. The Reference Index sponsor may, in its sole discretion, add, delete or substitute the securities underlying the index or make other methodological changes required by certain corporate events relating to the securities underlying the Reference Index that could change the value of the index. There may be additions to the securities in Reference Index to which the Registered Debenture Holders may not want exposure, or deletions of securities to which they would want exposure. The Registered Debenture Holders should not place undue reliance on the creditworthiness, business plans or prospects or other factors relating to any particular issuer of constituents of Reference Index as of the date hereof.*

**(b) Disclaimer in relation to Valuation.**

*The Issuer has appointed a Valuation Agent. Any valuations as may be provided by the Valuation Agent, on the website of the Issuer and the Valuation Agent or otherwise, do not represent the actual price of the Debentures that may be received upon sale or redemption of Debentures. They merely represent the Valuation Agent's computation of the valuation which may in turn be based on several assumptions.*

*The valuation will reflect the independent views of the Valuation Agent. It is expressly stated that the valuation will not be the view of the Issuer or its affiliates. The Issuer will not review the valuation and will not be responsible for the accuracy of the valuations. The valuations that will be provided by the Valuation Agent and made available on the website of the Issuer and the Valuation Agent, at a frequency of not less*

*than once a calendar week, and the said valuation will not represent the actual price that may be received upon sale or redemption of the Debentures. It will merely represent the Valuation Agent's computation of the valuation which may in turn be based on several assumptions. The valuations that will be provided by the Valuation Agent may include the use of proprietary models (that are different from the proprietary models used by the Issuer and/or the Valuation agent) and consequently, valuations provided by other parties (including the Issuer and/or the Valuation agent) may be significantly different.*

### **Structure Risks**

**PROSPECTIVE INVESTORS ARE ADVISED TO CAREFULLY READ THESE KEY RISKS ASSOCIATED WITH THE DEBENTURES. THESE RISKS ARE NOT, AND ARE NOT INTENDED TO BE, A COMPLETE LIST OF ALL RISKS AND CONSIDERATIONS RELEVANT TO THE DEBENTURES OR YOUR DECISION TO PURCHASE THE DEBENTURES.**

*The Debentures being structured debentures are sophisticated instruments which involve a significant degree of risk and are intended for sale only to those Investors capable of understanding the risks involved in such instruments. Please note that both the return on the Debentures and the return of the principal amount in full are at risk if the Debentures are not held till, or for any reason have to be sold or redeemed, before the final Redemption Date. The Debentures are a principal protected product only upon maturity.*

*The Debentures are structured and are complex and an investment in such a structured product may involve a higher risk of loss of a part of the initial investment as compared to investment in other securities unless held till final Redemption Date. The Registered Debenture Holder shall receive at least the face value of the Debenture only if the Investor holds and is able to hold the Debentures till the final Redemption Date. Prior to investing in the Debentures, a prospective Investor should ensure that such prospective Investor understands the nature of all the risks associated with the investment in order to determine whether the investment is suitable for such prospective Investor in light of such prospective Investor's experience, objectives, financial position and other relevant circumstances. Prospective Investors should independently consult with their legal, regulatory, tax, financial and/or accounting advisors to the extent the prospective Investor considers necessary in order to make their own investment decisions.*

*An investment in Debentures where the payment of premium (if any), and/or coupon and/or other consideration (if any) payable or deliverable thereon is determined by reference to one or more equity or debt securities, indices, baskets, formulas or other assets or basis of reference will entail significant risks not associated with a conventional fixed rate or floating rate debt security. Such risks include, without limitation, changes in the level or value of the relevant underlying equity or debt securities or basket or index or indices of equity or debt securities or other underlying asset or basis of reference and the holder of the Debentures may receive a lower (or no) amount of premium, coupon or other consideration than the holder expected. The Company has no control over a number of matters that are important in determining the existence, magnitude and longevity of such risks and their results, including, but not limited to, economic, financial and political events. In addition, if an index or formula used to determine any amounts payable or deliverable in respect of the Debentures contains a multiplier or leverage factor, the effect of any change in such index or formula will be magnified. In recent times, the values of*

*certain indices, baskets and formulas have been volatile and volatility in those and other indices, baskets and formulas may occur in the future.*

***Model Risk***

***Investment in the Debentures is subject to model risk.***

*The Debentures are created on the basis of complex mathematical models involving multiple derivative exposures which may or may not be hedged and the actual behaviour of the securities selected for hedging may significantly differ from the returns predicted by the mathematical models.*

***Prepayment or Early Redemption or Premature Exit***

*The Investor may lose money or may not be able to sell their debentures, if the Company decides to prepay or early redeem or decides to exit prematurely.*

***Credit Risk***

*While, the repayment of sums due at maturity is provided by the Issuer, Investors should be aware that receipt of any coupon payment and principal amount at maturity on the Debentures is subject to the credit risk of the Issuer. Investors assume the risk that the Company will not be able to satisfy their obligations under the Debentures and Investor may or may not recover all or part of the Principal Amount in case of default by the Issuer. Any stated credit rating of the Company reflects the independent opinion of the referenced rating agency as to the creditworthiness of the rated entity but is not a guarantee of credit quality of the Company. Any downgrading of the credit ratings of the Company or its parent or affiliates, by any rating agency could result in a reduction in the value of the Debentures. In the event that bankruptcy proceedings or composition, scheme of arrangement or similar proceedings to avert bankruptcy are instituted by or against the Company, the payment of sums due on the Debentures may be substantially reduced or delayed.*

*The Debenture holders should consult their own tax, legal, accounting experts to determine the impact of any change in valuation, returns etc of these debentures in case of any prepayment or early redemption or premature exit by the Company.*

***Risks relating to Debentures due to linkages to the reference asset***

*An investment in any series of Debentures that has payments of principal, coupon or both, indexed to the value of any equity share, index or any other rate, asset or index, or a basket including one or more of the foregoing and /or to the number of observation of such value falling within or outside a pre-stipulated range (each of the foregoing, a “Reference Value”) will entail significant risks not associated with a conventional fixed rate or floating rate debt security. Such risks include, without limitation, changes in the applicable Reference Value and how such changes will impact the amount of any principal or coupon payments linked to the applicable Reference Value. The Company has no control over a number of matters that are important in determining the existence, magnitude and longevity of such risks and their results, including economic, financial and political events. Past performance of any Reference Value to which any principal or coupon payments may be linked is not necessarily indicative of future performance. Investors should be aware that a Reference Value may go down as well as up*

*and/or be volatile and the resulting impact such changes will have on the amount of any principal or coupon payments will depend on the applicable index formula. The Registered Debenture Holder shall receive at least the face value of the Debenture only if the Investor holds and is able to hold the Debentures and the Debentures are not sold or redeemed or bought back till the Final Maturity Date.*

*If so specified, the early redemption amount, if any, may in certain circumstances be determined by the Valuation Agent based upon the market value of the Debentures less any costs associated with unwinding any hedge positions relating to the particular series of Debentures. In the event the terms and conditions do not provide for a minimum redemption amount even in the event of an early redemption, then on such occurrence a holder may receive less than 100.00% of the principal amount. In case of principal/capital protected market linked debentures, the principal amount is subject to the credit risk of the Issuer whereby the Registered Debenture Holder may or may not recover all or part of the funds in case of default by the Issuer. However, if the Debentures are held till the final maturity date, subject to credit risk of the Issuer, the Registered Debenture Holder of the Debenture will receive at least the principal amount.*

*The Debentures are likely to be less liquid than conventional fixed or floating rate debt instruments. No representation will be made as to the existence of a market for a series of Debentures. While the Company intends under ordinary market conditions to indicate and/or procure indication of prices for any such Debentures there can be no assurance as to the prices that would be indicated or that the Company will offer and/or cause to purchase any Debentures. The price given, if any, will be affected by many factors including, but not limited to, the remaining term and outstanding principal amount of the particular series of Debentures, the level of the Reference Value, fluctuations in interest rates and/or in exchange rates, volatility in the Reference Value used to calculate the amount of any coupon or principal payments, and credit spreads. Consequently, prospective Investors must be prepared to hold any series of Debentures for an indefinite period of time or until the redemption or maturity of the Debentures. Trading levels of any Debentures will be influenced by, among other things, the relative level and performance of the applicable Reference Value and the factors described above.*

*Early Redemption for Extraordinary Reason, Illegality and Force Majeure, if for reasons beyond the control of the Issuer, the performance of the Issuer's obligations under the Debentures is prevented by reason of force majeure including but not limited to an act of state or situations beyond the reasonable control of the Issuer, occurring after such obligation is entered into, or has become illegal or impossible in whole or in part or in the exercising of its rights, the Issuer may at its discretion and without obligation to do so, redeem and/or arrange for the purchase of all but not some of the Debentures, by giving notice of not less than 5 (five) Business Days to the Registered Debenture Holders which notice shall be irrevocable and shall specify the date upon which the Debentures shall be redeemed (such date on which the Debentures become immediately due and payable, the "Early Redemption Date").*

*Provided however if the Issuer believes or is advised that it is necessary to only redeem and/or arrange for the purchase of Debentures held by only certain class of Registered Debenture Holders to overcome or mitigate any such force majeure, then the Issuer may without obligation to do so, redeem and/or arrange for the purchase of only such number of Debentures actually held by such class of Registered Debenture Holders at the relevant time. If the Debentures are bought by the Issuer, the Issuer will, if and to the extent permitted by applicable law, pay to each Registered Debenture Holder in respect of each Debenture held by such holder an amount equal to the Early Redemption Amount of a Debenture notwithstanding the illegality or impracticability, as determined by the Calculation Agent in its sole and absolute discretion.*

*Early Redemption Amount means fair market value as determined by the Calculation Agent minus associated*

*costs.*

***No Claim against reference asset***

*Registered Debenture Holders do not have any interest in or rights to the underlying assets, indices or securities to which Debentures relate.*

### Overview of business:

Centrum Financial Services Limited with its team of rapidly growing professionals, each with diverse and in-depth banking experience, provides a strong credit evaluation and compliance mechanism through a complete digitized process. We actively collaborate with Centrum group's well-established investment banking, real estate, debt capital markets and wealth management businesses for cross-selling, sourcing and down-selling of credit products. Our Company is in the following line of business:

#### a. Commercial Finance

With the focus area being SMEs, mid-market companies, small companies and smaller affiliates of larger companies, our Companies commercial finance and structured credit consist of the full range of products. For the purpose of working capital or moderate-sized expansions, we provide loans of up to Rs. 250 million, primarily on the basis of business credentials and cash flow prospects. We have also built up a book of business loans and smaller-value loans, primarily collateralized by property and other securities, and targeted at tier 1 & 2 cities initially.

Additionally, we will help fledgling NBFCs with loans in socially responsible and undeserved areas such as microfinance, affordable housing and specialized lending for the purpose of on-lending to their end-clientele.

**b. Financial Intermediaries**

In the 'Financial Intermediaries' segment, the main objective is to support financial institutions (NBFCs) that are serving the unbanked/less banked segments of the population. Our Company is working with microfinance institutions, NBFCs lending to MSMEs, agri-value chain, education, rural connectivity etc. to enhance their ability to extend credit to the masses after doing appropriate due-diligence on the entity's operating methodology, financials, promoter and management background, governance practices, IT system etc.

Our Company engages with these institutions to offer products and services ranging from funding as term loan, structured credit, and also towards arranging debt, equity, insurance and related products through Centrum group companies.

*Note: There are no consolidated financial statements prepared for the Financial Year 2016-17 during which the Company had a subsidiary and step down subsidiary as there was no requirement to prepare consolidated results. Further, in the Financial Year 2017-18 both the subsidiaries and step down subsidiary companies got amalgamated with the Company with effect from April 1, 2017, hence no consolidated financial statements are required.*

**14. Any change in accounting policies during the last three years and their effect on the profits and the reserves of the Issuer**

**a. Ancillary borrowing cost**

During the current year, the Company has changed its policy for accounting of ancillary borrowing costs from recording it in the year in which these were incurred to amortising such costs over the tenure of the underlying borrowings. Had the Company applied the accounting policy as in the previous year, the profit for the year would have been lower by Rs. 11,843,750.

**b. Amalgamation**

The Company has amalgamated with two entities namely Shree Srinivas Realtors Private Limited ('SSRPL') and Agrata Mercantile Private Limited ('AMPL') w.e.f. 01 April 2017. The amalgamation was in the nature of purchase accounting for which has been done following the net assets method as per Accounting Standard ("AS") 14 issued by the Institute of Chartered Accountants of India ("ICAI"). The assets and liabilities have been taken over at their fair values which has resulted in Goodwill on amalgamation amounting to Rs. 155,21,982 which has been amortised over a period of 11 years as considered reasonable by the management.

## SECTION VII - OTHER INFORMATION AND ISSUE PROCEDURE

The Debentures being offered as part of the Issue are subject to the provisions of the Act, the Memorandum and Articles of Association of the Issuer, the terms of this Shelf Disclosure Document read with the relevant Supplemental Disclosure Document(s), the Application Form and other terms and conditions as may be incorporated in the Transaction Documents.

### 7.1 Mode of Transfer/Transmission of Debentures

The Debentures shall be transferable freely; however, it is clarified that no Investor shall be entitled to transfer the Debentures to a person who is not entitled to subscribe to the Debentures. The Debenture(s) shall be transferred and/or transmitted in accordance with the applicable provisions of the Act and the Applicable Law. The Debentures held in dematerialized form shall be transferred subject to and in accordance with the rules/procedures as prescribed by NSDL/CDSL and the relevant DPs of the transferor or transferee and the Applicable Laws and rules notified in respect thereof. The transferee(s) should ensure that the transfer formalities are completed prior to the Record Date. In the absence of the same, amounts due will be paid/redemption will be made to the person, whose name appears in the register of debenture holders maintained by the R&T Agent as on the Record Date, under all circumstances. In cases where the transfer formalities have not been completed by the transferor, claims, if any, by the transferees would need to be settled with the transferor(s) and not with the Issuer. The normal procedure followed for transfer of securities held in dematerialized form shall be followed for transfer of these Debentures held in dematerialised form. The seller should give delivery instructions containing details of the buyer's DP account to his DP.

Transfer of the Debentures to and from His/ NRIs/ OCBs, in case they seek to hold the Debentures and are eligible to do so, will be governed by the then prevailing guidelines issued by RBI.

### 7.2 Debentures held in Dematerialised Form

The Debentures shall, be held in dematerialised form and no action is required on the part of the Debenture Holder(s) for redemption purposes and the redemption proceeds will be paid by cheque/fund transfer/RTGS to those Debenture Holder(s) whose names appear on the list of beneficiaries maintained by the R&T Agent. The names would be as per the R&T Agent's records on the relevant Record Date fixed for the purpose of redemption. All such Debentures will be simultaneously redeemed through appropriate debit corporate action.

The list of beneficiaries as of the relevant Record Date setting out the relevant beneficiaries' name and account number, address, bank details and DP's identification number will be given by the R&T Agent to the Issuer. If permitted, the Issuer may transfer payments required to be made in any relation by NEFT/RTGS to the bank account of the Debenture Holder(s) for redemption payments.

### 7.3 Debenture Trustee for the Debenture Holder(s)

The Issuer has appointed Beacon Trusteeship Limited to act as trustee for the Debenture Holder(s). The Issuer and the Debenture Trustee intend to enter into the Debenture Trustee Agreement and the Debenture Trust Deed *inter alia*, specifying the powers, authorities and obligations of the Debenture Trustee and the Issuer. The debenture trustee(s) has given its consent to the Issuer for its appointment under regulation 4 (4) of SEBI (Issue and Listing of Debt Securities) Regulations, 2008 and in all the subsequent periodical communications sent to the holders of

debt securities, the consent so received from the Debenture Trustee is attached as Annexure C to this Shelf Disclosure Document. The Debenture Holder(s) shall, without further act or deed, be deemed to have irrevocably given their consent to the Debenture Trustee or any of its agents or authorized officials to do all such acts, deeds, matters and things in respect of or relating to the Debentures as the Debenture Trustee may in its absolute discretion deem necessary or require to be done in the interest of the Debenture Holder(s). Any payment made by the Issuer to the Debenture Trustee on behalf of the Debenture Holder(s) shall discharge the Issuer *pro tanto* to the Debenture Holder(s). The Debenture Trustee will protect the interest of the Debenture Holder(s) in regard to the repayment of principal and yield thereon and the Debenture Trustee will take necessary action, subject to and in accordance with the Debenture Trustee Agreement and the Debenture Trust Deed, at the cost of the Issuer. No Debenture Holder shall be entitled to proceed directly against the Issuer unless the Debenture Trustee, having become so bound to proceed, consistently fails to do so. The Debenture Trustee Agreement and the Debenture Trust Deed shall more specifically set out the rights and remedies of the Debenture Holder(s) and the manner of enforcement thereof.

#### **7.4 Sharing of Information**

The Issuer may, at its option, but subject to Applicable Law, use on its own, as well as exchange, share or part with any financial or other information about the Debenture Holder(s) available with the Issuer, with its subsidiaries and affiliates and other banks, financial institutions, credit bureaus, agencies, statutory bodies, as may be required and neither the Issuer nor its subsidiaries and affiliates nor their agents shall be liable for use of the aforesaid information.

#### **7.5 Deemed Date of Allotment**

All the benefits under the Debentures subscribed to by the Debenture Holders, will accrue to the Investor from the Deemed Date of Allotment provided for in the relevant Supplemental Disclosure Document issued in respect of the relevant Tranche/Series.

#### **7.6 Debenture Holder not a Shareholder**

The Debenture Holder(s) shall not be entitled to any right and privileges of shareholders other than those available to them under the Act. The Debentures shall not confer upon the Debenture Holders the right to receive notice(s) or to attend and to vote at any general meeting(s) of the shareholders of the Issuer.

#### **7.7 Tax Deduction at Source (TDS)**

Tax as applicable under the Income Tax Act, 1961, or any other statutory modification or re-enactment thereof will be deducted at source for which a certificate will be issued by the Company. As per the provisions of the Income Tax Act, 1961, no tax is deductible at source from the amount of interest payable on any listed dematerialised security, held by a person resident in India. Since the NCDs shall be issued in dematerialised mode and shall be listed on the WDM segment of BSE, no tax will be deductible at source on the payment/credit of interest/implicit yield on NCDs held by any person resident in India. In the event of rematerialisation of the NCDs, or NCDs held by person resident outside India or a change in Applicable Law governing the taxation of the NCDs, the following provisions shall apply:

- (a) In the event the NCDs are rematerialized and the Company is required to make a tax deduction, the Company shall make the payment required in connection with that tax deduction within the time allowed and in the minimum amount required by Applicable Law;
- (b) The Company shall within 30 (thirty) days after the due date of payment of any tax or other amount which it is required to pay, deliver to the Debenture Trustee evidence of such deduction, withholding or payment and of the remittance thereof to the relevant taxing or other authority.

Interest on application money shall be subject to TDS at the rates prevailing from time to time under the provisions of the Income Tax Act, 1961 or any other statutory modification or re-enactment thereof for which a certificate will be issued by the Company.

For seeking TDS exemption / lower rate of TDS, relevant certificate / document must be lodged by the Debenture Holder(s) at the Corporate Office of the Company at least 15 (Fifteen) days before the interest payment becoming due. Tax exemption certificate / declaration of non-deduction of tax at source on interest on application money should be submitted along with the Application Form.

For detailed tax implications of the investment in NCDs, Investors should get in touch with their tax consultant.

## **7.8 Object of the Issue and utilization of proceeds**

The object of the Issue is to augment the long-term resources of the Company and to increase the average maturity period of its borrowings in compliance with the Applicable Laws.

The proceeds of the Issue would be utilised by the Company, *inter-alia*, for disbursements of loans to borrowers, refinancing existing borrowings, augmenting the working capital requirements of the Company, and for the general corporate purposes of the Company in compliance with the Applicable Laws.

## **7.9 Right of the Company to Purchase, Consolidate, Re-sell and Re-issue NCDs**

### **(a) Purchase and Resale of NCDs:**

The Company may, subject to Applicable Law at any time and from time to time, at its sole and absolute discretion purchase some or all of the NCDs held by the Debenture Holders at any time prior to the specified date(s) of redemption / put / call as specified in the relevant Supplemental DD. Such buy-back of NCDs may be at par or at discount / premium to the face value at the sole discretion of the Company. The NCDs so purchased may, at the option of the Company, be cancelled, consolidated, held or resold in accordance with the provisions of the Applicable Law.

### **(b) Reissue of Debentures**

The Company shall have a right to repurchase the said Debentures or any of the Series of the Debentures and cancel or re-issue them from time to time in accordance with the provisions of the Act and Applicable Law. Upon such re-issue the person entitled to the Debentures shall have and shall be deemed always to have had, the same rights and priorities as if the Debentures had never been redeemed.

Where the Company has repurchased / redeemed any such NCDs, subject to the provisions the Companies Act, 2013 and other applicable legal provisions, the Company shall have and shall be deemed always to

have had the right to keep such NCDs alive for the purpose of reissue and in exercising such right, the Company shall have and shall be deemed always to have had the power to reissue such NCDs either by reissuing the same NCDs or by issuing other NCDs in their place in either case, at such a price and on such terms and conditions (including any variations, dropping of or additions to any terms and conditions originally stipulated) as the Company may deem fit.

#### **7.10 Modification of Rights**

The Debenture Trustee and the Issuer will agree to make any modifications in this Shelf Disclosure Document or any Supplemental DD(s) which in the opinion of the Debenture Trustee is of a formal, minor or technical nature or is to correct a manifest error.

#### **7.11 Variation of Debenture Holder(s) rights**

The rights, privileges and conditions attached to the Debentures and this Shelf Disclosure Document and the relevant Supplemental DD(s) may be varied, modified or abrogated in accordance with the Articles of Association of the Company and the Act and with the consent of the Super Majority Debenture Holder(s). The rights, privileges and conditions attached to the Debentures of a particular Series/Tranche, may be varied, modified or abrogated in accordance with the Article of Association of the Company and the Act and with the consent of the Majority Debenture Holders of that Series/Tranche of Debentures. Provided that nothing in such resolution shall be operative against the Company where such resolution modifies or varies the terms and conditions governing the Debenture(s) if the same are not acceptable to the Company.

Provided that the Debenture Trustee and the Issuer may agree to make any modifications in this Shelf Disclosure Document or any Supplemental DD which in the opinion of the Debenture Trustee is of a formal, minor or technical nature or is to correct a manifest error.

#### **7.12 Notices**

The Company agrees to send notice of all meetings of the Debenture Holders specifically stating that the provisions for appointment of proxy as mentioned in Section 105 of the Companies Act, 2013 shall be applicable for such meeting. The notices, communications and writings to the Debenture Holder(s) required to be given by the Company shall be, deemed to have been given if sent by registered post or through recognized overnight courier service or by hand delivery to the sole / first allottee or sole/first registered Debenture Holder as the case may be at its address, registered with the Company.

All notices, communications and writings to be given by the Debenture Holder(s) shall be sent by registered post or through recognized courier service or by hand delivery to the Company at its Registered Office or to such persons at such address as may be notified by the Company from time to time and shall be deemed to have been received on actual receipt of the same.

#### **7.13 Splitting and Consolidation:**

Splitting and consolidation of the NCD5 is not applicable in the dematerialised mode form since the saleable lot is 1 (one) Debenture.

#### **7.14 Transfers**

The NCD may be transferred to any person duly qualified to acquire such NCDs under the Applicable Laws.

#### **7.15 Letters of Allotment**

The letter of allotment, indicating allotment of the Debentures, will be credited in dematerialised form within 2 (Two) Business Days from the Deemed Date of Allotment.

#### **7.16 Succession**

In the event of demise of a Debenture Holder, the Company will recognize the executor or administrator of the demised Debenture Holder or the holder of succession certificate or other legal representative of the demised Debenture Holder as the registered holder of such NCDs, if such a person obtains probate or letter of administration or is the holder of succession certificate or other legal representation, as the case may be, from a court in India having jurisdiction over the matter and delivers a copy of the same to the Company.

The Company may, in its absolute discretion, where it thinks fit, dispense with the production of the probate or letter of administration or succession certificate or other legal representation, in order to recognise such holder as being entitled to the NCD standing in the name of the demised Debenture Holder on production of sufficient documentary proof or indemnity. In case a person other than individual holds the NCDs, the rights in the NCDs shall vest with the successor acquiring interest therein, including liquidator or any such person appointed as per the Applicable Law.

#### **7.17 Effect of Holidays**

Should the date of payment of any Coupon which is due in respect of any Tranche/Series of Debentures fall on a day other than a 'Business Day' the immediately succeeding Business Day shall be considered as the effective date(s) for that payment.

In the event that the date of payment of the redemption amounts in respect of any Tranche of Debentures falls on a day other than a 'Business Day', the immediately preceding Business Day shall be considered as the effective date for that payment.

All interest and redemption calculations shall be made up to 1 (one) Business Day prior to the date of actual payment.

#### **7.18 Debentures to Rank *Pari-Passu***

The Debenture(s) of this Issue shall rank first *pari-passu* inter-se without preference or priority of one over the other or others.

## **SECTION VIII– KEY REGULATIONS AND POLICIES**

The following description is a summary of certain laws applicable in India to the business of our Company. The summary of laws, regulations and policies set forth below is not exhaustive and is only intended to provide general overview.

Our Company is engaged in the business of providing loans against collaterals. We are governed by the laws governing service sector enterprises and commercial establishments. We are a non-deposit taking (which does not accept public deposits), systemically important, NBFC. As such, our business activities are regulated by RBI regulations applicable to non-public deposit accepting systemically important NBFCs (“*ND-SI NBFC*”).

Taxation statutes such as the Income Tax Act, 1961, the Finance Act, 1994, the Shops and Establishments Act, 1958, labour regulations such as the Employees’ State Insurance Act, 1948 and the Employees’ Provident Fund and Miscellaneous Act, 1952, and other miscellaneous regulations and statutes apply to us as they do to any other Indian company. The statements below are based on the current provisions of Indian law, and the judicial and administrative interpretations thereof, which are subject to change or modification by subsequent legislative, regulatory, administrative or judicial decisions.

### **Regulations governing NBFCs**

As per the RBI Act, a financial institution has been defined as a company which includes a non-banking institution carrying on as its business or part of its business the financing activities, whether by way of making loans or advances or otherwise, of any activity, other than its own and it is engaged in the activities of loans and advances, acquisition of shares / stock / bonds / debentures / securities issued by the Government of India or other local authorities or other marketable securities of like nature, leasing, hire-purchase, insurance business, chit business but does not include any institution whose principal business is that of carrying out any agricultural or industrial activities or the sale / purchase / construction of immovable property.

As per prescribed law any company that carries on the business of a non-banking financial institution as its ‘principal business’ is to be treated as an NBFC. The term ‘principal business’ has not been defined in any statute, however, RBI has clarified through a press release (Ref. No. 1998-99/ 1269) issued in 1999, that in order to identify a particular company as an NBFC, it will consider both the assets and the income pattern as evidenced from the last audited balance sheet of the company to decide a company’s principal business. The company will be treated as an NBFC if its financial assets are more than 50 per cent of its total assets (netted off by intangible assets) and income from financial assets should be more than 50 per cent of the gross income. Both these tests are required to be satisfied in order to determine the principal business of a company.

Every NBFC is required to submit to the RBI a certificate, from its statutory auditor within one month from the date of finalization of the balance sheet and in any case not later than December 30 of that year, stating that it is engaged in the business of non-banking financial institution requiring it to hold a certificate of registration.

NBFCs are primarily governed by the RBI Act, the Prudential Norms for Systemically Important Non-Deposit Taking Norms for Non-Banking Financial Company, 2017 read with RBI Norms for Raising Money through Private Placement of Non-Convertible Debentures (NCDs) issued vide circular bearing reference DNBR (PD) CC No.021/03.10.001/2014-15 dated February 20, 2015. In addition to these regulations, NBFCs are also governed by various circulars, notifications, guidelines and directions issued by the RBI from time to time.

**Securities Contract Regulation Act, 1956**

The Securities Contract (Regulation) Act, 1956 as amended till date (“SCRA”) seeks to prevent undesirable transactions in securities by regulating the business of dealing in securities and other related matters. The SCRA provides for grant of recognition for stock exchanges by the Central Government. Every recognized stock exchange is required to have in place a set of rules relating to its constitution and bye-laws for the regulation and control of contracts. The said act deals with recognition, derecognition, regulation / control on the stock exchanges, empowers the stock exchanges for making its own bye laws, rules and the provisions pertaining to listing of securities, delisting of securities and dealing in securities. The said enactment also provides for appellate mechanism.

The bye-laws inter-alia provide for:

- (i) the opening and closing of markets and the regulation of the hours of trade;
- (ii) the fixing, altering or postponing of days for settlements;
- (iii) the determination and declaration of market rates, including the opening, closing highest and lowest rates for securities;
- (iv) the terms, conditions and incidents of contracts, including the prescription of margin requirements, if any, and conditions relating thereto, and the forms of contracts in writing;
- (v) the regulation of the entering into, making, performance, recession and termination of contracts, including contracts between members or between a member and his constituent.

Other disclosures are made in accordance with Section 42 of the Companies Act, 2013 and rule 14(1) of Companies (Prospectus and of Securities) Rules, 2014. (Provided in Form PAS – 4 annexed as Annexure J)

**Disclaimer**

CARE's ratings are opinions on credit quality and are not recommendations to sanction, renew, disburse or recall the concerned bank facilities or to buy, sell or hold any security. CARE has based its ratings/outlooks on information obtained from sources believed by it to be accurate and reliable. CARE does not, however, guarantee the accuracy, adequacy or completeness of any information and is not responsible for any errors or omissions or for the results obtained from the use of such information. Most entities whose bank facilities/instruments are rated by CARE have paid a credit rating fee, based on the amount and type of bank facilities/instruments.

In case of partnership/proprietary concerns, the rating/outlook assigned by CARE is based on the capital deployed by the partners/proprietor and the financial strength of the firm at present. The rating/outlook may undergo change in case of withdrawal of capital or the unsecured loans brought in by the partners/proprietor in addition to the financial performance and other relevant factors.

**CERTIFIED TRUE COPY OF THE EXPLANATORY STATEMENT TO THE RESOLUTION PASSED AT THE ANNUAL GENERAL MEETING OF CENTRUM FINANCIAL SERVICES LIMITED HELD ON FRIDAY, AUGUST 10, 2018 AT 10.00 AM AT CENTRUM HOUSE, C.S.T ROAD, VIDYANAGARI MARG, KALINA, SANTACRUZ (EAST), MUMBAI – 400098.**

**Item no 1 & 2**

Keeping in view the Company's existing and future financial requirements to support its business operations, the Company needs additional funds. For this purpose, the Company is desirous of raising finance from various Banks and/or Financial Institutions and/ or any other lending institutions and/or Bodies Corporate and/or such other persons/ individuals as may be considered fit, which, together with the moneys already borrowed by the Company (apart from temporary loans obtained from the Company's bankers in ordinary course of business) may exceed the aggregate of the paid-up capital and the free reserves of the Company. Hence it is proposed to increase the maximum borrowing limits up to Rs. 2,000 Crores (Rupees Two Thousand Crores only).

Pursuant to Section 180(1)(c) of the Companies Act, 2013, the Board of Directors cannot borrow more than the aggregate amount of the paid-up capital of the Company and its free reserves at any one time except with the consent of the members of the Company in a general meeting.

In order to facilitate securing the borrowing made by the Company, it would be necessary to create charge on the assets or whole or part of the undertaking of the Company. Section 180(1)(a) of the Companies Act, 2013 provides for the power to sell, lease or otherwise dispose of the whole or substantially the whole of the undertaking of the Company subject to the approval of members in the General Meeting by way of a special resolution.

Accordingly, the Resolution Nos. 1 & 2 are proposed to obtain necessary consent of the Company in term of the provision of Sections 180(1) (c) and 180(1)(a) of the Companies Act, 2013.

In view of the above, the Board of Directors recommends passing of resolutions under Item nos. 1 and 2 as Special Resolutions

None of the Directors and Key Managerial Personnel of the Company or their respective relatives is concerned or interested in the passing of the Resolution.
